- The child must have a Statement of Special Educational Needs identifying autism as their most pressing need. This does not apply to children admitted to the assessment provision.
- The child's placement needs to be supported by the referring Local Authority (LA) who will, in most cases, provide appropriate fees. Parents may also pay Gretton school fees independently.
- The child's parents/carers must be prepared to work in partnership with the school to promote their child's learning in all aspects of development.
- The Head of Service must be satisfied that the school can meet the child's needs.
- The Head of Service is responsible for ensuring an appropriate gender, ability and age balance and will admit when an appropriate place becomes available. Travel distance from home will also be taken into account.
- That the school may obtain, process and hold personal information about our child, including sensitive information such as medical details, and we consent to this for the purposes of assessment and, if a place is later offered, in order to safeguard and promote the welfare of the child.
